PGM Solution

Our Strengths Set Us Apart

At PGM, we combine our industry expertise, our client focus and our access to industry leading product and service providers with the flexibility of an independent broker. We provide our clients with tailored solutions and a superior level of client service.

Asset Diversification and Clearing Partnerships

Through their PGM relationship, our clients can maintain a single point of contact while realizing the diversification benefits of holding multiple clearing accounts.

Flexibility and Customized Client Solutions

Our dedicated representatives construct customized solutions for each of our clients, based on their needs and goals.

Experience and Expertise

Our execution, operations and client service teams have an average of over 25 years of experience.

Fast Engagement

Our onboarding process is designed to streamline your account opening, data transmission and trading setups.

Data & Technology Management

Our team coordinates trading infrastructure and reporting systems to suit appropriate risk management and transparency.

Products and Services

We customize our services to our clients. By identifying individual client needs, we can construct our execution and clearing services to achieve your goals.

Data Reporting

PGM clients have full access to extensive clearing data technology. Intraday and end of day portals and reports provide for account transparency and reconciliation.

- Web-based access
- Secure site which utilizes the latest firewall and encryption technology
- Secure access to daily and monthly statements
- Customizable account reports (based on clearing relationship) –
 - Trades
 - Positions
 - Balance/Margin
- Exportable data
- Market and Exchange News

Client Solutions

To deliver on PGM's core principles, we emphasize customization and personalized service.

Single Point of Contact at PGM

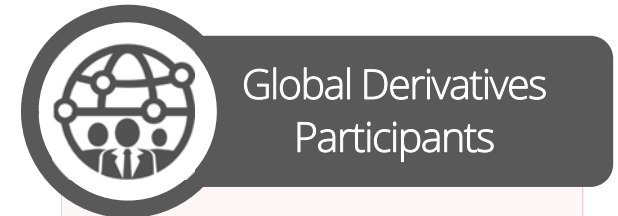

to help navigate complex systems, policies and the infrastructures of one or more clearing providers.

- New Account Documentation
- Account Setup
- Data Transmission Setup
- Trading Platform Setup
- Give Up Agreement Preparation
- Trade Allocations
- Trade Reconciliation
- Commission and Fee Reconciliation
- Delivery and Option Assignment Coordination
- Managed Execution and Clearing

PGM Client Solutions

utilizes our established relationships

- FCMs
- Third party Technology Providers
- Exchanges
- CTAs

Clearing Services

Through established relationships with clearing providers, we have access to global derivatives exchanges, professional trading platforms and services.

In addition to our customized services, we offer our clients varied levels of clearing options. By providing flexible clearing capabilities, we are able to customize our services to meet our clients' individual needs.

Execution Services

Through a variety of execution services and products, PGM provides access to advanced trading platforms to meet clients' individual trading preferences and needs. Our extensive platform access and services enable us to tailor a solution for our clients.

- Execution Desk
- Electronic Platforms
- Clearport/ICE block execution
- Give Ups
- Strategy Building
- LME execution services as direct agent of cat 2 member

ACCESS TO ELECTRONIC PLATFORMS INCLUDING:

FOREX

In addition to our futures capabilities, we offer our clients access to the liquidity of the global FX markets. We also provide the tools, expertise and support that you need.

We offer industry leading FX trading platforms, which provide PGM clients comprehensive FX trading services.

- Access to 70+ spot FX markets
- Voice trading on spot FX and forwards
- Diverse interbank and multisource liquidity
- Pure agency execution
- Execution via trading platform, API or agency desk
- Ability to maintain current prime broker relationship
- Create top-of-book pricing
- EFPs

Managed Futures

As a growing asset class, managed futures should be considered for allocation in most portfolios.

- Effectively investing in managed futures requires skill, experience, and education.
- PGM's managed futures experts work with our clients to develop a portfolio allocation program that will complement their core strategy and goals.
- PGM will have a consultation with the client to understand their portfolio and investment requirements and then research to identify a CTA or CTAs that may be appropriate to the client's unique circumstances.

Available reports for managed futures include:

- Sample portfolio construction
- CTA profiles and performance
- CTA rankings
- Statistical analysis

Clearport / ICE Block / Nasdaq (NFX) Execution

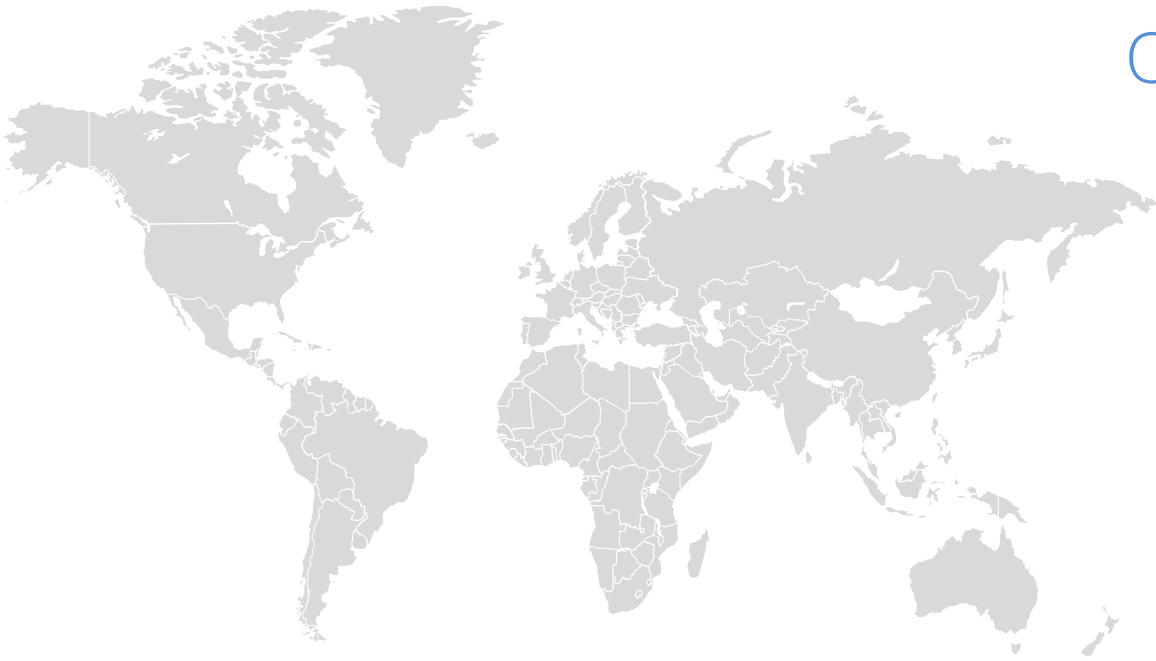

When you choose PGM for your Cleared-OTC trading, you will receive:

- Access to liquidity pools through our established relationships with market-makers.
- Straight Through Processing (STP) with CME Direct.
- Complex options and structures placed on the CME, ICE and Nasdaq (NFX).
- Advice, assistance and services from PGM brokers with industry experience and knowledge of Cleared-OTC products in:
 - ✓ Agriculture
 - ✓ Energy and Power
 - ✓ Metals

LME, Cleared OTC Blocks and OTC

At PGM, we cater to a wide range of clients with diverse requirements and strategies. We deliver each of them expertise in exchange-traded futures, options, foreign exchange, LME, Cleared OTC Blocks and OTC.

OUR CLIENTS INCLUDE:

- Institutions
- Fund Managers
- CTAs
- OTC Energy Funds and Traders
- Broker-Dealers
- High Net Worth Individuals
- Self-Directed Traders
- Commercial Hedgers

With PGM's customized products and services, including our execution and clearing access, our technology solutions and our experience with managed futures, we believe we provide the resources to help you succeed.
